DR. PHIL SHOW: “**Identity Theft.**” Ricky and Ray say their brother, Robin, has been stealing their identities for years. Robin has used his older brother’s ID to open lines of credit, rent a mobile home and even tried to buy a Harley using their good names and credit. Worst of all, they say Robin has used his brothers’ names when he has been arrested, causing warrants to be issued in their names. They feel the problem is so bad that Ricky’s fiancée, Robyn, is worried about taking his last name after the wedding because of the similarity to his brother’s name. Plus, identity theft can happen anywhere. Identity thieves get personal information by stealing records from the office, or rummaging through the trash. Dr. Phil wanted to see just how easily identity theft occurs, so staff members did a little snooping around the *Dr. Phil* offices at night to see what people had on their desks or in their trash. You won’t believe the results! (OAD 4/17/07) (S/PA) 7/19/07.
