CASE NARRATIVE

The following report contains the analytical results for one sample submitted to Stantec by The Dublin City School District. The sample was received 4/7/08, according to documented sample acceptance procedures and was analyzed in accordance with Ohio EPA protocols, where applicable.

Stantec utilizes USEPA-OEPA approved methods in all analytical work. The sample presented in this report was analyzed for the parameters listed on the Chain of Custody.

Stantec attests to the validity of the laboratory data generated and reported herein. All analyses performed by Stantec were done using established laboratory SOP's that incorporate QA/QC procedures described in the applicable methods. Stantec's QA/QC Manager has reviewed the data for compliance with the laboratory's QA/QC plan, and the data have been found to be compliant with laboratory protocols unless otherwise noted.

The analytical results in this report met the requirements of the laboratories QA/QC program.
